Most customers turn on their faucets and flush their toilets without considering where the water comes from or reds up. Water and watewater treatment plant operators work quietly behind the scenes ensuring that the water we all use on a daily basis is safe for public health and the environment. While most folks may take their water for granted, operators work diligently to clean, test, and monitor this valar resource (moze...) Member Signup/li Step #1 Training FWRC Committees The FWPCOA is an organization of members who are engaged in the production, treatment and distribution of drinking water; the collection, treatment and disposal of wastewater; and/or the collection and treatment of stormwater. To help organize and provide better service, the state of Florida is divided into <u>13 regions</u>. ۲ JOURNAL Regions 0 The purpose of the FWPCOA is to protect the health of the citizens & preserve the natural resources We accomplish this by advancing the professional status of water and wastewaters operators, providing a licensing system, and arranging training programs. The association works in cooperation with the Florida Section of the American Water Works Association works. The Florida Water Environment Association (FWEA), the Florida Department of Environmental Protection (FDEP), the Florida Department of Health and the Florida Education AWWA No FLORIDA Job Board Florid Surveys Florida Water ronment Associa 2 0 ▲ 🐴 🗑 🗣 📲 9:35 AM
