Exam Only: \$80 for FW&PCOA members and non-members

**FULL REFUND OF THE TUITION FEE GIVEN ONLY IF THE COURSE IS CANCELED!**

## **COURSE BOOKS:**

**All students must obtain the course books before the school!** Region VII will not have books for sale at the school. Please see the course application for ordering information.

## **COURSES:**

Region VII provides qualified instructors to teach the course material. Unlike correspondence courses, the instructors are available in person to answer student questions and to help students understand the course material. Region VII's goal is to have each student pass the end-of-course certification examination. We will not, however, "teach the exam."

Students must obtain the course book(s) before school and read the respective chapter(s) in the book before each class. Region VII provides a course schedule in this package for students to follow. Bring questions and topics to class for the instructor to discuss. Bring a calculator with you for the arithmetic class.

Please be respectful to the instructors, as they are giving their time for your benefit. Arrive on time to class, no loud talking or unruly behavior, and no cell phone calls in the classroom.

### **COURSE ATTENDANCE REQUIREMENT:**

Region VII determines student attendance using a sign-in sheet. Each student must sign the attendance sheet for each session. Instructors reserve the right to audibly call attendance at any time during the class, especially after a break. It is strongly recommended that students attend all classroom sessions, to gain the greatest learning experience!

**Students who miss more than four (4) hours of classroom time will not receive an Attendance Certificate and will not be given the end-of-course exam – no exceptions!**

### **END-OF-COURSE EXAM:**

**LOCATION:** Jacobs – Pembroke Pines  
13975 Pembroke Road  
Pembroke Pines, FL 33027

**SCHEDULE:** September 28, 2018  
8:00 a.m.

The end-of-course exam is a closed-book exam. Do not bring books or other materials into the exam area. You may bring a calculator for the math portion of the exam, but **YOU MAY NOT USE YOUR CELL PHONE AS A CALCULATOR!**

As a courtesy to all students taking the exam, please silence your cell phone or pager before entering the exam room. Cell phones will not be allowed on the tabletop – they must be placed in your pocket, on your belt, in your purse or on the floor. **You may not make or receive phone calls during the exam – no exceptions!**

To receive an exam, you must present a photo ID to the exam proctor. This may be either a driver's license or employer-issued ID.

Each exam is comprised of 100 multiple-choice questions. There is only one best answer per question. Marking multiple answers for a question will result in the student getting the question wrong. A student must correctly answer 70% or more of the exam questions to pass the exam.
